

Building Community Partnerships for Research and Outreach Workshop

Monday, January 12, 2026

11:00 AM - 1:00 PM

On Zoom

This workshop is intended for faculty members who are interested in community-based research and in building or strengthening partnerships in the San Diego region. It will feature a lively panel discussion with UC San Diego faculty experienced in community engagement. Panelists will present on their current projects and share insights on how their research or outreach efforts are creating meaningful partnerships and positive impact in our region.
